AS FEATURED IN

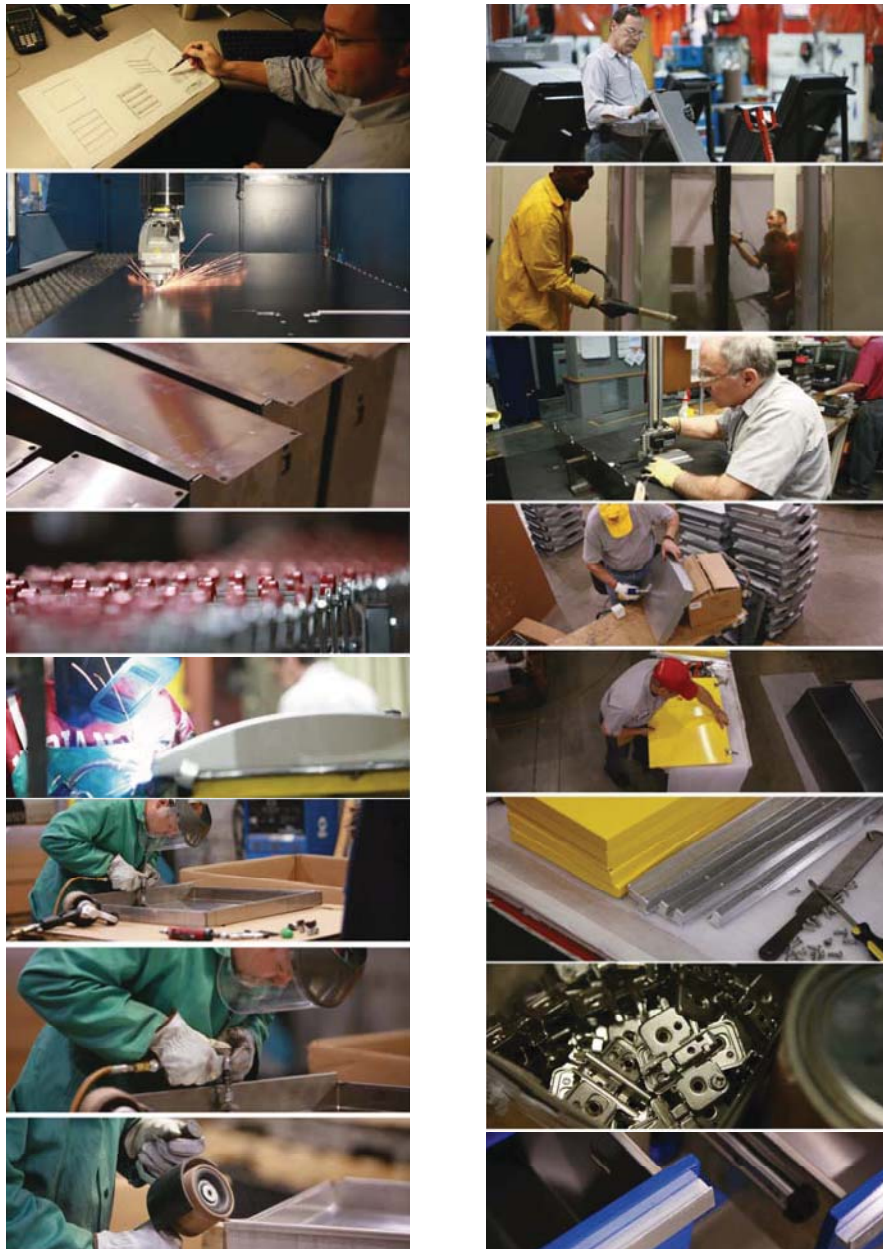

FORGED Cabinetry and Tool Storage has garnered a lot of attention from the Media for the Value of their Quality.

HOW FORGED CABINETS ARE MADE

BESPOKE CONSTRUCTION - MADE TO ORDER

The bustling factory where FORGED® cabinets are made is a mix of state-of-the-art manufacturing that delivers precision accuracy & sizing of milled cabinet parts combined with skilled journeymen & metalworkers who work their magic to make everything come together.

*FORGED® cabinets are built with pride
entirely in the United States.*

PREMIUM FEATURES

CONCEALED HINGES

All FORGED® cabinet doors feature fully adjustable door hinges. The easy-to-use depth adjustment makes sure that your cabinet doors stay perfectly aligned forever.

The self-closing mechanism closes doors without the need for catches or magnets that can break or fall off.

BALL BEARING DRAWER SLIDES

Heavy-duty ball bearing drawer slides (*100lb weight class per slide*) allow fully loaded drawers open and close with ease.

All FORGED® cabinets feature full-extension drawers, so you can easily gain access the furthest reaches of each drawer.

UNLIMITED HANDLE CHOICES

FORGED® come standard with integral handles (*shown in center picture above*), but you can customize your cabinets with solid metal full-length handles that are available in two different profiles and your choice of brushed metal or a variety of anodized color finishes.

Or, if you want to personalize the look of your cabinetry, you can choose your own door hardware:

PREMIUM FEATURES

INTERIOR OPTIONS

You can customize every aspect of your FORGED® cabinets, even the interior.

FORGED® cabinets come standard with G90 metal (*shown in the left picture above*) or upgrade to powder coated interiors (*shown above right*).

ADJUSTABLE HINGES

European-style door hinges by Blum are adjustable so you can always ensure your doors stay perfectly aligned. (*Shown here with powder coated interior option.*)

WELDED DOUBLE WALL CONSTRUCTION

All FORGED® cabinets are made of thick 18-gauge hard-wearing steel. Our double-wall construction is welded on all sides to prevent racking to significantly increase strength and durability.

PREMIUM FEATURES

INFINITELY SERVICEABLE

FORGED® cabinets are designed to be infinitely serviceable. Parts such as drawer faces/doors, shelves, drawers, and surfaces can be replaced with new parts, meaning your investment will last a lifetime of use.

INGENIUS INSTALLATION

Cabinets mount on a proprietary hanger bracket system, allowing "quick-release" to reposition easily or transport in the event of a move.
